YOUR DONATION HELPS SAVE LIVES

Anyone who can't have their tissue type registered but still finds our work important and wants to help can always support us with a financial donation. The initial registration of a potential blood stem cell donor costs the Bavarian bone marrow foundation Stiftung AKB 35 Euros. We depend on your financial donations. (Neither the government nor health insurance carriers subsidize tissue type determination.)

PLEASE DONATE ONLINE OR TO:

Stiftung Aktion Knochenmarkspende Bayern
IBAN: DE67 7025 0150 0022 3946 88

Purpose: Infineon

On request you will receive a contribution receipt for your donation of 50 Euros or more.

Donate stem cells in Bavaria – Save lives around the world.
